Parents can enrol and sign for children under 16 years of age, but children 16 years or over must sign their own form.

### Enrolling someone else (other than children)

In some circumstances, you may sign for another person if they are unable to consent on their own behalf. This is referred to as 'Signed by Authority'.

### Frequently Asked Questions:

#### What happens if I go to another general practice?

You can go to another general practice or change to a new general practice at any time, if you are enrolled in a PHO through one general practice and visit another practice as a casual patient you will pay a higher fee for that visit. So if you have more than one general practice you should consider enrolling with the practice you visit most often.

#### What happens if the practice changes to a new PHO?

If the general practice changes to a new PHO, they will make this information available to you.

#### What happens if I am enrolled in a general practice but don't see them very often?

If you have not received services from your general practice in a three-year period it is likely that the practice will contact you and ask if you wish to remain with the practice. If you are not able to be contacted or do not respond, your name will be taken off the Practice and PHO Enrolment Registers. You can re-enrol with the same general practice or another general practice and affiliated PHO at a later time.

\* The definition residing in NZ is that you intend to be resident in New Zealand for at least 183 days in the next 12 months

\*\* If a person has an interim visa this means they are waiting for Immigration to finish processing an application. Immigration issues interim visas if the old visa has run out but the new visa is processing. To determine the eligibility of an interim visa holder you should look at what their eligibility status was immediately prior to being issued the interim visa. For example, the person had a two-year work permit and has been issued with an interim visa while waiting for their application for another two-year work permit to be processed. Immigration usually issues Interim visas in a letter form.

# USE AND CONFIDENTIALITY OF YOUR HEALTH INFORMATION (FACT SHEET)

Your privacy and confidentiality will be fully respected. This fact sheet sets out why we collect your information and how that information will be used.

- The Ministry of Health uses your demographic information to assign a unique number to you on the National Health Index (NHI). This NHI number will help identify you when you use health services.
- The Ministry of Health holds health information to measure how well health services are delivered and to plan and fund future health services. Auditors may occasionally conduct financial audits of your health practitioner. The auditors may review your records and may contact you to check that you received those services.
